To ensure that goods are not subject to certain restrictions, please forward one of the following for verification:

- Custom documents from an EU Authority
- Approval for export by an European Union Authority
- An explanation of the reason, that goods do not fall under the definition of the custom tariff number restriction and/or corresponding footnotes

Example: Footnote 9A102

'Turboprop engine systems' specially designed for unmanned aerial vehicles specified in 9A012 or 9A112.a., and specially designed components therefor, having a 'maximum power' greater than 10 kW

Explanation:

Our devices are turbine blades for an industrial turbine, they cannot be used for turboprop engine systems.
